Dear Patient,

At Happy Ears Hearing Center, we are excited to announce the arrival of the new Lyric! **Lyric is a completely different way to hear better.**

- Sits close to the eardrum so it uses your outer ear to give you incredibly clear, beautiful sound.
- World's first hearing device to be invisible from any angle, a full 360°
- Soft and comfortable, Lyric is not an implant, it's the world's first extended-wear hearing device and it lasts for months without replacement or changing batteries<sup>1</sup>.
- Can be worn effortlessly during routine activities like talking on the phone, sleeping, exercising, and even showering<sup>2</sup>.

**We invite you to come in during our Lyric Hearing Days and experience Lyric Risk-Free for 30 days.** Soon you could experience what so many wearers already have: when **Lyric CAN**, you can too.

Sincerely,

*Shanna Mortensen-Dewsnup*
